WHAT WE SOLD

- Retained SEO and Google Ads management, 12-month term from 1 Oct 2026
- **\$3,800/month** management fee
- Google Ads media budget **\$6,000/month**, billed directly to the client
- Quarterly strategy review included
- No paid social, no website rebuild

GOALS & PRIORITIES

- More qualified quote requests in Jan–Apr, ahead of the spring build season
- First-page rankings for deck and pergola build terms across Burlington, Oakville and Hamilton
- Reporting they can actually read — Glen wants leads and cost per lead, not impressions

IMPORTANT SCOPE NOTES

- Media budget is separate and billed to the client. The management fee does not include ad spend.
- Client keeps social media in-house — do not propose or produce social content.
- Site is on Squarespace with no dev access. Structural SEO changes go through Priya.
- They expect campaigns live before **15 Oct** to catch late-season search.
- Photography is client-supplied. Strong existing library; they will not fund new shoots.

WHY THEY HIRED US / CLIENT CONTEXT

- Organic traffic flat for two years while three competitors moved above them for deck and pergola terms.
- Previous agency cancelled in April — poor reporting, no direct contact. Sensitive to slow replies and jargon.
- Booked out through summer; wants the 2027 pipeline filled earlier in the year.
- Glen makes the final call but does not want weekly detail. Route through Priya.
- Tom is sceptical of paid search after the last agency. Expect early scrutiny of lead quality.
- The quarterly strategy review sold the deal. They expect a real working session, not a report walkthrough.
